- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- Long-life silk braided cord wire

## LILY

Dry Iron

- Heavy 700W / 1000W heating element
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- Long-life silk braided cord wire

## ELITE

Dry Iron

- Heavy 700W / 1000W heating element
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- Long-life silk braided cord wire

## ZERON

Dry Iron

- Heavy 700W / 1000W heating element
- Stylish and elegant design
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- Long-life silk braided cord wire

## GLIDE

Dry Iron

- Heavy 700W / 1000W heating element
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- 360 degree swivel cord with cotton braided thread

## SILKY

Dry Iron

- Heavy 700W / 1000W heating element
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- 360 degree swivel cord with cotton braided thread

## ULTRA

Dry Iron

- Heavy 700W / 1000W heating element
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- 360 degree swivel cord with cotton braided thread

## TURBO

Dry Iron

- Heavy 700W / 1000W heating element
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- 360 degree swivel cord with cotton braided thread

## DELICO

Dry Iron

- Heavy 700W / 1000W heating element
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- 360 degree swivel cord with cotton braided thread

## EXOTIC

Dry Iron

- Heavy 700W / 1000W heating element
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- 360 degree swivel cord with cotton braided thread

## ACCOR

Dry Iron

- Heavy 700W / 1000W heating element
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- 360 degree swivel cord with cotton braided thread

## ADMIRE

Dry Iron

- Heavy 700W / 1000W heating element
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- 360 degree swivel cord with cotton braided thread

## SPARKLE

Dry Iron

- Heavy 700W / 1000W heating element
- Automatic thermostat cut-off
- Adjustable temperature control for different fabrics
- Power On / Off indicator
- None-stick P.T.F.E. coated sole plate
- 360 degree swivel cord with cotton braided thread

## ADORE

Steam Iron

- Heavy 1600 W heating element
- Adjustable temperature control for different fabrics
- Self clean function
- Water spray function
- Variable & vertical steam boost
- Unique cord holder which ensures safety and smooth operation
